

Better Training for Safer Food *Initiative*

**Prevention, control and eradication
of Transmissible Spongiform
Encephalopathies**

European
Commission

A DG SANCO training initiative for EU and non-EU country officials who undertake controls on sanitary and phytosanitary issues.

European
Commission

Areas covered

- Food law
- Feed law
- Animal health rules
- Animal welfare rules
- Plant health rules

General objectives

- High levels of competence and awareness of EU rules amongst official control staff
- Ensure more uniform, objective and efficient controls throughout the EU
- High levels of consumer protection, animal health and welfare and plant health
- Level playing field for food businesses

Specific aims in non-EU countries

- Help non-EU countries to better understand and meet more easily EU rules/standards
- Reduce rejections at EU borders and facilitate access to the EU market
- Ensure fair trade with non-EU countries, particularly developing countries
- Contribute to safer food for non-EU country consumers and a more diverse range of safe food products in the EU
- Enhance SPS regulatory cooperation with non-EU countries

Characteristics of training

- *Training is organised by external contractors*
- *Training types*
 - *Traditional face-to-face workshops*
 - *Secondment of individual experts (Sustained training missions)*
- *Basic principles*
 - *To favour knowledge/experience sharing and networking*
 - *To follow a train-the-trainer approach*

BTSF in figures from 2006 to 2013

Around 960 events

More than 41.000 participants

Budget of approx. € 98 million

Training 2014

***Around 160 events
30 activities approx.
Around 6200 participants
Budget of almost €15 million***

Prevention/Control/Eradication of TSEs

- *Organised under BTSF at first in 2008*
- *More than 15 events involving approximately 500 participants*
- *Main focus on:*
 - Control of the feed ban
 - Control of removal of Specified Risk Material
